**PAPER**

We are thrilled to announce that CUSD will continue its partnership with **Paper** to provide ALL students with free, 1-on-1, tutoring and writing support.

When students log in and start a session, they are instantly connected with **subject-matter experts** that **guide** your students through problems **step-by-step**, without giving away the answers. This way, students can walk away from sessions feeling confident that they understand the material and have the tools to succeed on their future assignments and exams.

Here are a few ways **Paper** can support you and your students this school year:

- Unlimited 24/7/365 tutoring support — sessions can run for as long as students need!
- Revisions for any typed writing assignments in 24 hours or less!
- Tutoring and writing support in 4 different languages — English, Spanish, French and Mandarin.

# NO PLACE FOR HATE

## General overview of the program:

ADL's No Place for Hate<sup>®</sup> (NPFH) initiative is a student-driven, climate improvement framework. This initiative supports schools in their efforts to combat bullying and cultivate sustainable environments where all students belong.

It enhances the efforts schools are already making as they strive to value diversity and create an inclusive school climate. In addition, it integrates seamlessly into existing MTSS frameworks, and the core competencies found in Social-Emotional Learning plans.

## What is an E-Bike?

An "electric bicycle" is a bicycle equipped with fully operable pedals and an electric motor of less than 750 watts (CVC 312.5).

### Class 1 E-Bike:

A class 1 E-bike is a low-speed *pedal-assisted bicycle* that has a motor that provides assistance when the rider is pedaling. The bike stops providing assistance when the speed reaches 20 mph.

### Class 2 E-Bike:

A class 2 E-bike is a low-speed *throttle-assisted bicycle* that has a motor that can propel the bicycle without pedaling. The bicycle stops providing assistance when the speed reaches 20 mph.

### Class 3 E-Bike:

A class 3 E-bike is a *pedal-assisted bicycle that has a motor* that provides assistance only when the rider is pedaling. The bicycle stops providing assistance when the speed reaches 28 mph. Must be 16 years of age to operate.

# BIKE SAFETY CAMPAIGN

## Safety Tips:

- Always wear a helmet
- Act like a car, be predictable and be visible
- Use hand signals
- Wear bright or reflective clothing
- Look out for other roadway users and never assume they will see you especially at intersections
- Use your bike bell or politely say, "on your left" when passing pedestrian
- Slow down and be alert and aware of your surroundings

*\* The speed limit is 5 mph on sidewalks and 12 mph on most city trails.*

*\* A person riding a bicycle in the roadway, or bicycle lane, is subject to same rules of the road as a driver of a motor vehicle.*
